HAMPSHIRE LOVELOCKS BIRTHS/MARRIAGES/DEATHS
FROM GENERAL REGISTER OFFICE INDEXES

This is a file of Lovelock life events (birth, marriage and death registrations) taken from the General Register Office volumes for the period 1837-1881. The file claims to be more or less complete for the Hartley Wintney Registration District. Additional entries for other Hampshire Registration Districts must be considered a bonus and by means claimed to be complete. The list was constructed from the microfiche version, which in this case is available in Hull Central Library (Hull, Yorkshire). Users of these microfiche editions will know that occasionally they are very difficult to read.

Reading across the page, the year of entry is given along with the quarter-year register volume (J-M meaning January to March, and so on). The forename of the person thus registered is given, and finally the reference is listed. The registered age at death is also included, but this was only entered in the indexes from the late 1860s.
